

## The Power Of A PayCard Just Got Even Easier For Some Of Your Employees...

Greetings From AGH . . .

The new payroll card is a payment solution that helps businesses reduce payroll costs, increase efficiency, and build employee loyalty. In fact, it is the ideal alternative to traditional payroll checks and a great complement to your existing direct-deposit initiatives.

### Three Reasons Why A Payroll Card Will Work For You And Your Employees:

1. **Flexibility:** Payroll cards can be used wherever credit cards are accepted; even for web purchases and at ATMs nationwide. The payroll card is a convenient and hassle-free way to manage funds.
2. **Convenience:** Your employees' payroll cards are funded directly from their paychecks so they can avoid waiting in line to cash their checks. There is even 24/7 bilingual customer service and online account information. Additional cards are also available to your employees' family members.
3. **Security:** Your payroll card is a fully functional debit card. The security program keeps your employees protected from lost or stolen cards, fraud and unauthorized use of their card by use of a PIN.
